

Le Vélotrement Ebike rental

Terms and Conditions

(copy of the original terms and conditions in French)

Article 1 -Agreement purpose:

The rent of an E-Bike, with basic equipments supplied by Vélotrement, below called "the renter". The E-Bike, and its basic equipment rented at the end of the present, taken only or collectively, are indicated "the Rented Goods ". The Renter reserves the right to appreciate the capacity of the customer to use a bike within the framework of the rental service. The customer, called the tenant ", declares to be capable of riding an E-bike and have no medical contraindication. He declares to be also covered by a third-party insurance. The Tenant accepts this offer without reserve and makes a commitment to respect the contractual measures of the present contract.

Article 2 – E-Bike equipment:

Every E-Bike is equipped with: lightings, Battery,Charger, Helmet, padlock with key, kit of repair, carries luggage, odometer, bell, and if necessary a key to remove the Battery(Drum kit), an extra battery in option.

Article 3 – Conditions of Use:

3.1-The rent operates the transfer of the legal guarding of the material to the tenant. The tenant clears the renter of any responsibilities ensuing from the use of the rented material and from the possibly suggested routes, in particular the accidents and damage caused to third parties. The tenant assumes accepts the total responsibility of the material equipment during all the rental time. He is solely responsible for any damages caused in the material or because of the material.

3.2- Every minor must be accompanied by a responsible major person.

3.3-The tenant makes a commitment to use himself the rented goods. The loan or the subletting of the rented goods is strictly forbidden.

3.4-The rented material is considered for being in good working order and in compliance with the legislation in force during the rent. Equipment is fixed according to safety standards.

3.5-If the tenant notices a technical failure of the material during the rent, or in case of a crash, the tenant necessarily has to contact the renter as soon as possible. The tenant refrains to intervene on the properties rented in case of breakdown without the agreement of the renter. The tenant has to return the material damaged to the renter in his premises. The latter will proceed to the repair. Except latent defect or normal wear and tear, the material will be charged to the tenant following the current price list. In case of technical failure of the material during the rent, the tenant can not count on no account damages to the renter.

3.6- The tenant makes a commitment to respect the traffic rules. If the tenant, during his rent, violated the laws and the regulations in force, the renter could not be held responsible on no account. The helmet use by the tenant is deeply advised by the renter. The tenant reknows that the renter proposed him a helmet in loan.

3.7-When parking the E-Bike,it is compulsory for the tenant to put the anti-theft device. The tenant makes a commitment to stick the frame of the E-bike to a fixed support and a robust (barrier)

3.8- The tenant makes a commitment to use the properties rented as a father. He is a guard of the rented properties and responsible for their use, both towards the rented properties themselves as towards thirds parties. The tenant makes a commitment to use the material carefully and within the limits of his capacities. Urban area, roads and little damaged ways. Carry Luggage: their use is strictly limited to the port of not voluminous objects, not exceeding a 22 kg weight. He can not serve on no account to transport a person ..

Article 4 – Provision and restitution:

The rent comes into effect as the tenant takes up the rented goods. The present contract is effective only for the rental period. The tenant recognizes to have received the properties rented in good working order with the basic equipment. He declares to have had personally all freedom to verify the rented goods and choose them according to his needs. The tenant makes a commitment to restitute the properties rented in the state in which he rented them, excepted the normal wear and tear.

Article 5– Payment :

The payment by the tenant has to follow conditions: - When contacting the e-bike in case of immediate provision - at the time of the command in case of online reservation or by telephone. The means of payment are: credit card, checks and cash. In every case the deposit is taken at the time of the provision of the rented goods.

Article 6 - Reservation – Cancellation :

Any reservation gives rise to the perception of a 30 % deposit. The tenant has the faculty to cancel a reservation in the following conditions: - more than 30 days before the service: cancellation without motive and return of the deposit. - From 30 days to 24 hours before the service: as compensation Vélotrement keeps the paid deposit. - Less than 24 hours before the service: the entire commanded service is charged to the tenant who obliges to settle it. The expenses of cancellation will be paid when the cancellation

is caused by a disease duly justified by the tenant, or in case of terrible weather conditions (wind with gusts furthermore than 80km/hour, storm of rain or snow)

Article 7 – Responsibility:

The tenant clears Vélotrement of any responsibility ensuing from the use of the properties rented, in particular regarding the physical, material and immaterial consequences of the accidents of all kinds. The tenant declares holding a personal insurance in civil liability which guarantees the responsibility incurred on using the properties rented, so much by himself than with the people of whom he is given custody. The tenant do not benefits from any cover for the damage or the theft undergone by the rented goods and engages personally his responsibility for all damage or theft. The damage undergone by the rented goods, the Theft or the Loss of the rented goods will be charged to the tenant according to the current price list fixed below

Article 8 – Déposit:

The tenant provide a 1000€ deposit by credit card for each E-Bike.

This deposit is not cached during the duration of the rent. At the restoration of the rented goods the deposit is restored to the tenant. The tenant authorize the renter to take the due sums from the deposit: - in conformance with the excess, - in repair of the damages and the theft, according to the list of the degraded equipment of the e-bike - or as compensation for late restitution. It's expressly advisable that the amount of the deposit could not constitute a limit of guarantee, le Vélotrement keep the right to pursue the tenant in the effect to obtain the whole compensation of its damage.

Article 9 – Restitution:

The restitution of the rented goods will be done as following – for half day rental, the properties rented must be restitute before 12 am or before 6:30 pm as the half-day rental is in the morning or in the afternoon – For all other duration the rented properties must be restitute before 6:30 pm at the end of the rental period. Any late restitution will give le Vélotrement to claim for a penalty equal to the price rate of a day of rent, for each half day or day of delay.

Article 10– Renter eviction:

The rented properties can be neither given up, nor put back in guarantee. The tenant can not claim any right for him or any other person about the rented properties. The rented properties will stay le Vélotrement properties at all time.
